Dear Students and Families,

Welcome to Fort Lee High School and the 2018/2019 school year! My name is Mrs. Serulle-Green and I am delighted to introduce myself as your child's guidance counselor. I have worked for this district for over 22 years and I am honored to continue to make sure that each student receives the proper personalized support that they need in order to excel. All students learn differently and my desire is to continue to help facilitate a safe learning environment so that students can strive and achieve their highest potential.

During the month of September my focus is to help incoming freshmen students adjust into the high school environment. All freshmen students will have an introductory meeting with me to discuss various topics such as course selection, curriculum, academic goals, clubs, and activities. In addition, I will continue to meet with students to help provide the tools necessary to support social/emotional growth, crisis intervention, monitor academics, and to motivate and help beyond the classroom. I am also the Anti-Bullying Specialists (ABS) and the Intervention and Referral Services Chairperson (I&RS) at Fort Lee High School.

Working together will ensure a successful school year. Please do not hesitate to contact me with questions or concerns. Let's make this a great year! Below you will find special events planned for the school year. We encourage all to attend. It is never too early to start your college planning.
