March 22, 2020

Good Afternoon Families,

We are happy to report that we have successfully survived our first week of digital learning at Fort Lee High School. I am proud of the work we did this last week. Our students and staff worked very hard to complete all tasks at hand and they accomplished these tasks with an extremely positive attitude. As we continue to navigate through these unprecedented times, we have taken student and staff feedback in regards to workload and time commitments and have made the following modifications: Beginning tomorrow, Monday March 23, 2020, all classes will meet on an A/B schedule from Monday-Thursday as shown below. Staff have been directed to also post the days their courses meet on their Google Classroom pages. If you have any questions in regards to what days a specific course is meeting, please reach out to your teacher for that course and they will provide you with guidance and clarification.

<b>Day A Monday/Wednesday</b>	<b>Day B Tuesday/Thursday</b>
Math and Math Electives	Science and Science Electives
History and History Electives	English and English Electives
Business	Art, Graphic Design, 3D Design, Digital Photo
CAP/Strategies	Music
Computer Science/Athletic Coaching/Sports Mgmt	World Language
PE/Health/Teen Pep	The Art of Writing/Principles of Personal Finance

**Fridays will serve as a Review/Advisory Day-** On Fridays, all students will check in with all of their classes via Google Classroom. All classes will provide students with a brief check-in assignment/posting. The remainder of time on Fridays will serve as a review/advisory day. Students should use this time to communicate with teachers for help with their assignments and ask any questions they may have. Students should also use this day to review assignments from the week and catch up on any work that may have required more time.

As Mr. Rota mentioned in his correspondence yesterday, there will be no weekend homework assigned moving forward. We all need to take a break!

We are aware of all of the stressors our new academic situation has caused for our students and their families. We hope the changes to the schedule will help alleviate some stress and allow students to be more productive and successful. Please continue to reach out with any questions or concerns you may have. Our counselors and administrators are available to help you navigate through the process. Just a reminder, this situation is constantly changing and we will update our format to adapt to these changes. We will continue to keep you updated and we truly appreciate your patience and understanding during this time.

Enjoy the rest of your weekend and please stay safe!
